**WE KNOW
HOW**

TO TRANSLATE YOUR TEXT AND WORK WITH DOCUMENT LAYOUTS

InText has 20 years of experience in the language industry. We have expertise in optical character recognition (OCR) to convert PDF files and prepare them for translation, desktop publishing skills to fine-tune the formatting afterwards. Our graphic design department can create a unique document style, and we offer many other professional services to simplify your work with document layouts.

Because layout matters

GET
GREAT
RESULTS

LOVED BY OUR CLIENTS FROM ALL OVER THE WORLD

Very quick replies and delivery and flawless understanding of the job.

Deliana Grangure, Project Director, Architektst bvba

InText is so incredibly responsive – I never wait more than a couple hours at most for a reply and they always meet their deadlines. Everyone is super friendly. Really a joy to work with this company and its people!!!

Camille Steens, Business Developer, TextMaster

As always, very lovely contact, early delivery and reliable and easy communication!

Sabiñe Gorricho, Executive Project Manager, Wolfestone Group

This was a really challenging job and you did it great. Thank you!

Alessandra Perego, Project Manager, STAR Servicios Linguisticos
