

# DESKTOP PUBLISHING SERVICES

## Preparation for translation with CAT tools

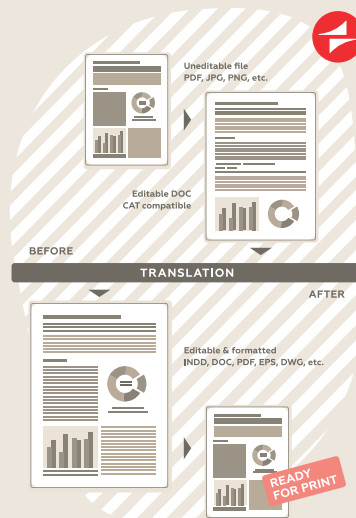

### Optical Character Recognition (OCR) / Conversion

of various file types, such as PDF, scanned copies, images with embedded text, and others with non-editable content into editable MS Word documents

**Text extraction** from AutoCAD drawings, MS Visio charts, Adobe Illustrator files, and many more types of content

**Normalization:** deleting excessive line breaks, spaces, checking locked texts and pasteboard content, etc.

**Recreation** of InDesign and FrameMaker files from PDFs

## Post-processing after translation

**Desktop publishing (DTP) / Typesetting:** preparation of print-ready files

**Document layout formatting** after translation

# BECAUSE LAYOUT MATTERS
